

QGIS Plugin Site - Bug report #4811

Add an autopackaging script

2012-01-14 01:08 AM - Paolo Cavallini

Status:	Rejected	
Priority:	Normal	
Assignee:		
Category:		
Pull Request or Patch supplied:	Not supplied	
Description		
We should add a facility for the plugin developers to autopackage the plugin with a simple command. Various solutions are already around, see e.g. http://lists.osgeo.org/pipermail/qgis-developer/2012-January/017691.html		

History

#1 - 2012-01-18 01:29 AM - Alessandro Pasotti

- Status changed from Open to Rejected

Won't fix: the new plugin app allows direct zipped plugins creation/updating from a script via web service
