

QGIS Application - Feature request #4888

GDALTools - gdalbuildvrt: Add button for -allow_projection_difference

2012-01-26 02:40 AM - Otto Dassau

Status:	Closed	
Priority:	Normal	
Assignee:	Giuseppe Sucameli	
Category:	GDAL Tools	
Pull Request or Patch supplied:	No	Resolution: fixed
Easy fix?:	No	Copied to github as #: 14707
Description		
<p>Hi Paolo,</p> <p>I have lots of topographic maps and want to use them as VRT in QGIS. They are all projected in the same way, but I always get the error: Warning 6: gdalbuildvrt does not support heterogenous projection.</p> <p>This is fixed/ignored with the parameter: -allow_projection_difference</p> <p>Could you please add this parameter as a checkbox to the dialog?</p> <p>Kind Regards Otto</p>
