

QGIS Application - Bug report #4952

Auto-incremental keys should not be left editable in SpatiaLite

2012-02-06 11:17 AM - Paolo Cavallini

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Digitising	
Affected QGIS version:	master	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed/implemented
Crashes QGIS or corrupts data:		Copied to github as #: 14748
Description		
While adding features, the pkey field is empty, so the user is tempted to fill it. Obviously this is overwritten upon commit, but this behaviour is confusing. Better not show it, best show it with the correct auto-incrementing value.		

History

#1 - 2012-03-10 06:48 AM - Arunmozhi P

- File 4952.patch added

Added patch. Skips pkuid for spatialite layers.

#2 - 2012-09-04 12:08 PM - Paolo Cavallini

- Target version set to Version 2.0.0

#3 - 2014-06-28 07:41 AM - Jürgen Fischer

- Target version changed from Version 2.0.0 to Future Release - Lower Priority

#4 - 2017-05-01 01:09 AM - Giovanni Manghi

- Regression? set to No

- Easy fix? set to No

#5 - 2018-02-23 06:17 PM - Paolo Cavallini

- Resolution set to fixed/implemented

- Status changed from Open to Closed

fixed in QGIS 3
