

## QGIS Application - Feature request #5012

### Add option to repeat labels (for lines vectors) at a given interval

2012-02-14 08:17 AM - Giovanni Manghi

<b>Status:</b>	Closed	<b>Resolution:</b> fixed/implemented <b>Copied to github as #:</b> 14788
<b>Priority:</b>	Normal	
<b>Assignee:</b>		
<b>Category:</b>	Labelling	
<b>Pull Request or Patch supplied:</b>	No	
<b>Easy fix?:</b>	No	
<b>Description</b>		
Would be very handy, for example Mapserver supports this feature		
EPEATDISTANCE [integer]		
The label will be repeated on every line of a multiline shape and will be repeated multiple times along a given line at an interval of REPEATDISTANCE pixels.		
The associated RFC document for this feature is MS RFC 57: Labeling enhancements: ability to repeat labels along a line/multiline.

It would also be good to be able to repeat labels in polygons.
