

QGIS Application - Feature request #5448

Create a log file with model metadata

2012-04-22 03:26 AM - Magnus Nilsson

Status:	Closed		
Priority:	Normal		
Assignee:	Victor Olaya		
Category:	Processing/Modeller		
Pull Request or Patch supplied:		Resolution:	fixed/implemented
Easy fix?:	No	Copied to github as #:	15086
Description I would like the modeler to create a log file with information on how the process worked. It could, for example, contain: - date and time - number of input/output data sets - number of input/output features - list of tools used and the settings I'm sure that there is a lot to add to this list.
