

QGIS Application - Feature request #5586

Print composer: allow draw annotation without needing to draw a grid

2012-05-13 04:00 PM - Giovanni Manghi

Status: Closed	
Priority: Low	
Assignee:	
Category: Map Composer/Printing	
Pull Request or Patch supplied:	Resolution: wontfix
Easy fix?: No	Copied to github as #: 15163
Description	
<p>I know that the line/cross size can be set to 0, but this way around the map beside the annotations is not visible any mark. With this options would be possible to have marks (outside the map object) and an annotations without needing the grid.</p>

the workaround is obvious, make grid lines/crosses transparent.
