#### Description

The zoom is not correctly restored when opening a project which has OTFR on while the canvas has OTFR off.

Steps to reproduce it:

1. new project wgs84,
2. put the OTFR on,
3. add a vector in a projected CRS,
4. zoom to full extent,
5. save the project
6. click on New project (make sure the OTFR is off),
7. now open the saved project
