

QGIS Application - Bug report #5767

Print composer: No history entry when moving elements with the keyboard cursors

2012-06-08 05:20 AM - Andreas Neumann

Status: Closed	
Priority: Normal	
Assignee: Marco Hugentobler	
Category:	
Affected QGIS version: master	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied:	Resolution:
Crashes QGIS or corrupts data:	Copied to github as #: 15268
Description	
<p>If one moves an element in the print composer with the cursor keys of the keyboard there is no history entry made. When pressing the back button of the history it undos another operation.</p>
