

QGIS Application - Feature request #593

SPIT: implement rollback when import of shapes into PGIS get canceled

2007-02-15 04:46 AM - stephan-holl-intevation-de -

Status: Closed	
Priority: Low	
Assignee: nobody -	
Category:	
Pull Request or Patch supplied:	Resolution: fixed
Easy fix?: No	Copied to github as #: 10652
Description	
SPIT: once starting the import of a shapefile the 'cancel'-button does not work anymore. It would be nice to cover the import into a transaction block that 'cancel' could be easily rolled back.

History

#1 - 2007-11-18 11:40 AM - Jürgen Fischer

- Resolution set to fixed

- Status changed from Open to Closed

Fixed in commit:dd338cc4 (SVN r7458): cancel works again, but the transaction are still file by file, ie. the rollback in case of cancel just rolls back the last shapefile.
