

## QGIS Application - Feature request #596

### GRASS: Add the module name to the tab in toolbox

2007-02-15 04:57 AM - stephan-holl-intevation-de -

<b>Status:</b> Closed	
<b>Priority:</b> Low	
<b>Assignee:</b> Redmine Admin	
<b>Category:</b> GRASS	
<b>Pull Request or Patch supplied:</b>	<b>Resolution:</b> fixed
<b>Easy fix?:</b> No	<b>Copied to github as #:</b> 10655
<b>Description</b>	
<p>GRASS toolbox: The module-name should be prompted somewhere on the tab, perhaps directly over the first entry-fields of the module-tab? This would make it easier to see which module is open.</p> <p>Thank you</p>
