- Status changed from Open to Feedback

the layer "capef.wkt" is still in the same path defined in the project file?

If I remove it the project opens with no problems.

#2 - 2012-08-13 04:12 AM - Giovanni Manghi

seems duplicate of #5809 that was already fixed in qgis-master.

#3 - 2012-08-13 04:26 AM - Andri Arnaldsson

Giovanni, of course you are right. That particular layer was missing.

Can you tell me how you found it so quickly, I do not see it mentioned in the bugreport?

#4 - 2012-08-13 04:28 AM - Giovanni Manghi

- Resolution set to duplicate

- Status changed from Feedback to Closed

> *Can you tell me how you found it so quickly, I do not see it mentioned in the bugreport?*

because of #5809

Your problem sounded really similar so I looked into your project for a csv/wkt layer.
