

QGIS Application - Bug report #629 no new GRASS modules

2007-03-02 04:15 AM - lami-faunalia-it -

Status: Closed	
Priority: Low	
Assignee: Tim Sutton	
Category: GRASS	
Affected QGIS version:	Regression?: No
Operating System: Windows	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed
Crashes QGIS or corrupts data:	Copied to github as #: 10688
Description	
I see that the menu with the new GRASS modules is present but the modules are not inserted in the ../share/grass/modules directory and so the modules are not available	

History

#1 - 2007-03-02 05:17 AM - Tim Sutton

- Status changed from Open to In Progress

#2 - 2007-03-14 07:44 PM - Tim Sutton

Gary will be committing your grass modules to SVN in the next day or two and then I will rebuild and we can test again. Many thanks for contributing the modules!

#3 - 2007-03-25 12:34 AM - Redmine Admin

should this be closed?

#4 - 2007-03-25 05:38 PM - anonymous -

- Resolution set to fixed

- Status changed from In Progress to Closed

Awaiting final feedback from lami:

20/03/2007 07:14

Hi Tim,

sorry but I was fully immersed in a work, I see the new modules on the new preview.

I try some of them and it seems all ok!

In the next day I will make a better test and I feedback you.

Thank you for the work

leonardo

I'll close for now and lami can reopen if he encounters any problems.
