

QGIS Application - Feature request #6356

Set from parent style into categories rules

2012-09-17 07:21 AM - Patrice Vetsel -

Status:	Open	Resolution: Copied to github as #: 15627
Priority:	Normal	
Assignee:		
Category:	Unknown	
Pull Request or Patch supplied:	Not supplied	
Easy fix?:	No	
Description		
Using new symbology Using Styles with rules, and categories. I want to have option on categories rules to not set color (OR/AND symbol). Doing this way, the color (or the symbol) is taken from upstream rule. I attach 3 pictures trying to explain what I want.
