It would be good to let user add comments both from the web and from the QGIS interface.

#4 - 2016-01-30 12:33 PM - Akbar Gumbira

Paolo: can you explain more for this?

#5 - 2016-01-31 11:40 PM - Paolo Cavallini

It would be nice to go more social, allowing not only votes from the users (both from the web interface and from QGIS itself), but also comments, that could help others to understand plugin usefulness, quality, etc.
This should probably be allowed for registered users only, so it would require a bit of thought.
