QGIS Application - Bug report #6480
QGIS WFS-T doesn't send updates

2012-10-07 09:41 PM - Chris Smith

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:	Web Services clients/WFS		
Affected QGIS version:	master	**Regression?:**	No
Operating System:	Windows	**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	15708

Description

If i make some edits (either spatial or aspatial) on a WFS layer which supports WFS-T, QGIS doesn't send the updates in the request (my server receives an empty transaction request).

History

#1 - 2012-10-07 10:48 PM - Chris Smith

- Status changed from Open to Closed

This turned out to be the server not sending the feature ids of the original features (so QGIS doesn't know what to send back).
