| **Pull Request or Patch supplied:** | | **Resolution:** | invalid |
| **Crashes QGIS or corrupts data:** | | **Copied to github as #:** | 10708 |

**Description**

Using the Remove button on selected attribute rows of the attribute table has no effect.

## History

**#1 - 2007-03-21 08:45 AM - Marco Hugentobler**

Not sure what you mean. There is a button called 'delete column' in the attribute table, which deletes columns and not rows. After pressing the 'delete column' button, a dialog should appear and query which rows should be deleted.

Marco

So should this be closed?

**#3 - 2007-06-11 06:16 PM - Tim Sutton**

*- Resolution set to invalid*

*- Status changed from Open to Closed*

Im closing this bug - please reopen with more information if the problem persists.
