Description

Graticule creator plugin crashes in Windows although the shape with graticule seems to be created properly. In Linux it works perfectly. Tested with version 0.8.0 and 0.8.1p1.

BTW did you test with 0.8.1preview2 by any chance?

Thanks

Ouuups, sorry I didn't noticed that there is already P2 available so I tested one more and find out taht in P2 graticule creator works without crash.

Thanks
