

## QGIS Application - Feature request #664

### Pseudo colour range

2007-03-16 03:00 PM - john-craddock-xitech-com-au -

<b>Status:</b> Closed	
<b>Priority:</b> Low	
<b>Assignee:</b> ersts -	
<b>Category:</b> Rasters	
<b>Pull Request or Patch supplied:</b>	<b>Resolution:</b> fixed
<b>Easy fix?:</b> No	<b>Copied to github as #:</b> 10723
<b>Description</b>	
Enable 16 bit colour range for pseudo-colours for 16 bit BIL files	

### History

#### #1 - 2007-12-30 06:59 PM - ersts -

This should already be implemented. 16bit bil are read by QGIS as unsigned data, so the user may not be seeing what they expect if they are using signed data.

Additional information needs to be requested of the user.

#### #2 - 2008-01-10 11:41 PM - ersts -

- Resolution set to fixed

- Status changed from Open to Closed

#### #3 - 2009-08-22 12:54 AM - Anonymous

Milestone Version 0.9.2 deleted
