

QGIS Application - Bug report #6692

Heatmap gives no feedback on progress while running

2012-11-14 04:50 AM - Aren Cambre

Status: Closed	
Priority: Normal	
Assignee:	
Category: C++ Plugins	
Affected QGIS version: 1.8.0	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied:	Resolution:
Crashes QGIS or corrupts data:	Copied to github as #: 15859
Description	
<p>When I kick off a heatmap, it gives no status on progress. Instead, qgis just appears to lock up. If this is a long-running heat map (mine has been running 12 hours so far), the only way I know anything is going on is if I check CPU status.</p>
