QGIS Application - Feature request #6789
Interpolation plugin: put options in the main window

2012-11-29 08:16 AM - Paolo Cavallini

Status:	Closed			
Priority:	Normal

Category:	Analysis library			
Pull Request or Patch supplied:	No		**Resolution:**	fixed/implemented
Easy fix?:	No		**Copied to github as #:**	15938

Description

The options (IDW power, etc.) are now "hidden". I think it is better to move them ot of the additional window, in the main one, as it happens in GDALTools: they will be much easier to discover and understand for users.

A side note: the window is currently too wide on my system, I think it should be <800 px wide.

History

#1 - 2014-06-29 06:52 AM - Jürgen Fischer

- Category changed from GUI to C++ Plugins

#2 - 2014-06-29 11:30 AM - Jürgen Fischer

- Category changed from C++ Plugins to 116

#3 - 2016-12-20 01:34 AM - Alexander Bruy

- Resolution set to fixed/implemented

- Status changed from Open to Closed

Should be fixed with Processing backend. Please reopen if necessary

#4 - 2017-01-02 01:26 AM - Giovanni Manghi

- Category changed from 116 to Analysis library
