

QGIS Application - Feature request #6797

Support zipping of layers

2012-11-30 11:37 AM - Giovanni Manghi

Status: Closed	
Priority: Normal	
Assignee:	
Category:	
Pull Request or Patch supplied:	Resolution: wontfix
Easy fix?: No	Copied to github as #: 15945
Description	
<p>There is (was) a popular python plugin that allows to save as zip files one or more layers available in a project.</p> <p>It would be very useful to add this as core qgis feature, for example from the right mouse button dialog that shows when clicking on a layer in the TOC.</p>

I agree, it would be very useful. I really misso the zip layers plugin.

#2 - 2014-06-20 09:59 AM - Giovanni Manghi

- Resolution set to wontfix

- Status changed from Open to Closed

maybe it would be easier to update and upgrade the zip layers plugin.
