

## QGIS Application - Feature request #6825

### DBManager: add a dialog to import vector file

2012-12-04 06:49 PM - Giuseppe Sucameli

<b>Status:</b> Closed	
<b>Priority:</b> Normal	
<b>Assignee:</b> Giuseppe Sucameli	
<b>Category:</b> DB Manager	
<b>Pull Request or Patch supplied:</b>	<b>Resolution:</b>
<b>Easy fix?:</b> No	<b>Copied to github as #:</b> 15968
<b>Description</b>	
Using drag'n'drop sometimes is not the easier way to import a vector file (it depends on the Desktop Environment). Having a dialog to choose the vector file to be imported would help.	

#### Associated revisions

Revision de3ea74a - 2012-12-05 03:51 AM - Giuseppe Sucameli

dbmanager: allow to import layer from canvas (fix #6824),  
add dialog to choose vector file to be imported (fix #6825),  
allow to export table to vector file (fix #6826)
