QGIS Application - Feature request #6955
Project home in browser

2013-01-07 02:20 AM - Victor Axbom

Status:	Closed		
Priority:	Normal

Category:	Browser		
Pull Request or Patch supplied:	No	**Resolution:**	fixed
Easy fix?:	No	**Copied to github as #:**	16065

Description

I would like to see a standard folder in the browser linking to the home folder of the currently opened project (The folder where the project is saved). There is a home folder already but it's only linked to the system user home folder. Having a project home folder would allow faster access to project related files without having to create a favourite folder for every project.

History

#1 - 2013-01-07 11:30 AM - Jürgen Fischer

- Resolution set to fixed

- Status changed from Open to Closed

implemented in commit:73dc9b1

#2 - 2013-01-07 10:40 PM - Victor Axbom

Great work!
