Crashes QGIS or corrupts data:	No	**Copied to github as #:**	16086	

Description

The "formatted numbers" option does not work if field is part of a label expression, it works only if the numeric field is used as is.

History

#1 - 2013-02-17 12:15 AM - Giovanni Manghi

- Priority changed from High to Severe/Regression

this is a new feature in master not working as expected.

#2 - 2013-05-25 04:51 AM - Nathan Woodrow

- Priority changed from Severe/Regression to Normal

- Status changed from Open to Closed

There are now number formatting functions in the expression engine so you have better control.
