fix Export geometry info tool (fix #7354)

History

#1 - 2013-03-14 06:54 AM - Alexander Bruy

- Status changed from Open to Closed

Fixed in changeset commit:"1294190e7709b50e0a1238ab9fcbf1cff2bc971c".

#2 - 2013-03-14 06:55 AM - Alexander Bruy

- Resolution set to fixed

#3 - 2013-03-18 08:39 AM - Salvatore Larosa

- Resolution deleted (fixed)

- Status changed from Closed to Reopened

Hi Alex,

I still cannot get it working !

#4 - 2013-04-26 08:35 AM - vinayan Parameswaran

It is creating the geometry columns. But the attribute table is not refreshed. When I remove and add the same layer once again, I can see the columns

#5 - 2013-06-01 09:11 AM - Giovanni Manghi

- Status changed from Reopened to Closed

- Resolution set to fixed

I would propose to close this, because the tools works, it is just the table that is not refreshed. This issue affects also other tools, so is a more general one and would deserve a feature ticket (like "add a reload button in table of attributes"). If you don't agree please reopen this ticket.

Now (in commit:0878fca) it works as in 1.8, the fields map are refreshed. Which other tools are you referring to ?

I can't remember now, but may be this patch fixed them too :) Let see if in the future we are able to spot this issue again in other tools, hopefully not.

The "ftools" category is being removed from the tracker, changing the category of this ticket to "Processing/QGIS" to not leave the category orphaned.
