Easy fix?:	No		**Copied to github as #:**	16337

Description

Dear all,

I was wondering if you will add to raster layers the attribute table in the new version of Quantum GIS. At this moment there's no attribute table and I need all the time to compute statistics from my raster layers and to make some analysis became more difficult.
If you will include in the new version perfect.

Thanks,

Best Regards,
José Santos
