

# QGIS Application - Feature request #7398

## Allow for alpha value change in line pattern fill color picker

2013-03-19 06:54 PM - Mathieu Pellerin - nIRV

<b>Status:</b> Closed	
<b>Priority:</b> Normal	
<b>Assignee:</b>	
<b>Category:</b> Symbology	
<b>Pull Request or Patch supplied:</b>	<b>Resolution:</b> fixed
<b>Easy fix?:</b> No	<b>Copied to github as #:</b> 16367
<b>Description</b>	
<p>Some time ago, a nice revision was committed which allowed alpha value to be changed for fill and border colors. However, this feature isn't available when choosing color for the line pattern fill.</p> <p>Would be useful to have, and bring consistency to user experience.</p>	

### History

#### #1 - 2013-03-20 12:58 AM - Andreas Neumann

- Priority changed from Low to Normal

I agree - the ability to choose an opacity value should be allowed wherever possible. I set the Priority up to "normal" ;-)

Andreas

I added this onto a recent pull request that updates the QgsColorButton class, which makes it easier to add the alpha support:

<https://github.com/ggis/Quantum-GIS/pull/474>

Adds alpha picker and render support for: line pattern fill, line decoration symbol, font marker symbol.

#### #3 - 2013-04-17 07:00 PM - Mathieu Pellerin - nIRV

- Resolution set to fixed

- Status changed from Open to Closed

Thanks Larry, closing as fixed.
