

QGIS Application - Bug report #7438

No warning when 10 digit max on integers is over done

2013-03-25 08:46 AM - magerlin -

<b>Status:</b>	Closed	
<b>Priority:</b>	Normal	
<b>Assignee:</b>		
<b>Category:</b>	Vectors	
<b>Affected QGIS version:</b>	1.8.0	<b>Regression?:</b> No
<b>Operating System:</b>	Win 7	<b>Easy fix?:</b> No
<b>Pull Request or Patch supplied:</b>	No	<b>Resolution:</b> duplicate
<b>Crashes QGIS or corrupts data:</b>	No	<b>Copied to github as #:</b> 16399
<b>Description</b>		
<p>I've been trying to calculate an area into an integer not beeing aware of the 10 digit limit on integers in a shape file.</p> <p>The field calculator returned a negative area which made me aware of something beeing wrong.</p> <p>I think some kind of warning should be given - if the number had been positive I might not have noticed the error.</p>
