

QGIS Application - Bug report #7603

Blending is applied to all symbol layers separately

2013-04-14 01:06 AM - Anita Graser

Status: Closed	
Priority: Severe/Regression	
Assignee: Nyall Dawson	
Category: Symbology	
Affected QGIS version: master	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied: No	Resolution:
Crashes QGIS or corrupts data: No	Copied to github as #: 16532
Description	
<p>The blending mode seems to be applied to the single symbol levels of my vector layer which messes up everything. It's imho impossible to use symbols with multiple layers if the blending stays this way.</p> <p>I'm attaching a project which shows the problematic behavior as well as a screenshot.</p>

should not a new feature that does not work as expected be tagged as blocker? Cheers!

Anita - can you let me know what if you have render caching enabled or disabled?

#3 - 2013-04-14 02:01 AM - Nyall Dawson

- Assignee deleted (neteler-itc-it -)

#4 - 2013-04-14 02:47 AM - Anita Graser

- Priority changed from High to Severe/Regression

I get correctly looking results if and only if render caching is enabled.

#5 - 2013-04-14 02:53 AM - Nyall Dawson

Ok. I can see what's happening here -- I'll start work on this now.

#6 - 2013-04-14 03:19 AM - Nyall Dawson

- Status changed from Open to In Progress
- Assignee set to Nyall Dawson

#7 - 2013-04-16 03:30 PM - Nyall Dawson

- Status changed from In Progress to Feedback

Anita - can you please test with

<https://github.com/nyalldawson/Quantum-GIS/commit/b10cabfa63f0a9ebdfef92d168e2c159a7b26639>

and let me know the results. In particular, I'd appreciate testing with the map in composer and exporting the composer to images.

I'm pretty sure this change should fix the issue, but extra testing would be nice!

#8 - 2013-04-17 12:22 PM - Anita Graser

Still broken in current nightly QGIS code revision 1570240. Will test again tomorrow.

#9 - 2013-04-17 02:13 PM - Nyall Dawson

- Status changed from Feedback to Closed

Fixed in changeset commit:"51e5894b587b71511544519916515b3d3c1f0b79".

#10 - 2013-04-17 02:30 PM - Nyall Dawson

Sorry Anita - I hadn't pushed that change to master yet. I've done that now (I'm confident this fixes the issue). We'll handle any other issues that popup in separate bug reports.
