<b>Description</b>	
Hi !	
When you paste a string containing one or more newlines, the console will display some additional lines starting with >>>. The problem is you can't edit nor delete those lines...	
Thanks !

Hi,

it should be fixed in commit:e22f0d162fdcccd81b089611377ece8112ce6dd4

Please reopen if needed !
