QGIS Application - Feature request #7715
Import/export functionality for geospatial bookmarks

2013-04-25 08:41 PM - Barrett Higman

Status:	Closed		
Priority:	Low		
Assignee:			
Category:			
Pull Request or Patch supplied:	No	**Resolution:**	fixed/implemented
Easy fix?:	No	**Copied to github as #:**	16626

Description

When installing a new instance of QGIS for another user it would be useful to be able to able to import a list of standard geospatial bookmarks. The standard list could be created (and then exported) by the GIS team and distributed to all users.

History

#1 - 2015-11-13 06:04 AM - Médéric RIBREUX

- Resolution set to fixed/implemented

- % Done changed from 0 to 100

- Status changed from Open to Closed

Hello, bug triage...

in QGIS 2.13, you can share your bookmarks: there is a button to export or import them (XML file format).

I am now closing this feature request...
