

# QGIS Application - Bug report #8299

## db manager fails to import simple CSV into spatialite

2013-07-15 02:55 AM - Mathieu Pellerin - nIRV

<b>Status:</b> Closed	
<b>Priority:</b> Severe/Regression	
<b>Assignee:</b>	
<b>Category:</b> DB Manager	
<b>Affected QGIS version:</b> master	<b>Regression?:</b> No
<b>Operating System:</b>	<b>Easy fix?:</b> No
<b>Pull Request or Patch supplied:</b> No	<b>Resolution:</b>
<b>Crashes QGIS or corrupts data:</b> No	<b>Copied to github as #:</b> 17095
<b>Description</b>	
<p>I swear I successfully imported a large CSV file into a spatialite database via DB Manager recently. It's not working anymore.</p> <p>Steps to reproduce:</p> <ol style="list-style-type: none"><li>1. Open DB manager</li><li>2. Open a spatialite database</li><li>3. Click on the Import layer/file toolbar button</li><li>4. Open the file selector and pick the attached dbmanager_test_import.csv</li><li>5. Click on the Update options button</li><li>6. Click on OK</li></ol> <p>The import process will fail with this error message: "Error 8 Loading of layer failed"</p>
