Crashes QGIS or corrupts data: No	Copied to github as #: 17169
Description	
<p>For users it is not obvious that the "Add WMS layer" also serves to add a "WMTS" layer.</p> <p>I would therefore suggest to change the menu entry/toolbar/tooltip to "Add WMS/WMTS layer". It would be great if this could be done before the 2.0 release.</p> <p>Thank you!</p>
