## QGIS Application - Feature request #8520 data defined symbol levels

2013-08-27 09:11 AM - Gavin Fleming

Status: Open Priority: Normal

Assignee:

Category: Symbology
Pull Request or Patch shapplied:

Easy fix?: No Copied to github as #: 17276

Description

many styling parameters can be data defined. It would be really useful to be able to data-define symbol levels as well (as in z-levels) so that things like bridges and tunnels can be styled properly

Resolution:
