QGIS Application - Bug report #8536 copy from existing CRS does not copy

2013-09-01 08:42 AM - Gavin Fleming

Status: Closed Priority: Normal

Assignee: Category:

Affected QGIS version:masterRegression?:NoOperating System:Easy fix?:No

Pull Request or Patch supplied: Resolution:

Crashes QGIS or corrupts data: Copied to github as #: 17287

Description

when created a new custom CRS, choose Add new CRS. Then Copy existing CRS. If you choose a CRS from the Recently Used list, nothing copies.
