

QGIS Application - Bug report #8542

Plugin Manager initial sorting indicates 'by name' but it is not

2013-09-01 10:26 AM - Larry Shaffer

Status: Closed	
Priority: Normal	
Assignee: Borys Jurgiel	
Category: Plugin Manager	
Affected QGIS version: master	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed
Crashes QGIS or corrupts data:	Copied to github as #: 17293

Description

After initial Plugin Manager opening, contextual menu of plugin listing shows 'sort by name' checked, but it is not sorted as such. After selected 'sort by name' in contextual menu, it sorts by name.

I think it should be sorted by name, on first showing, as indicated. Is it sorted by something other than name? If so, what is it? (then the checked item in contextual menu should indicate what that is)

- Resolution set to fixed

Thanks a lot, fixed!

#3 - 2013-09-01 11:57 AM - Larry Shaffer

Looks good here on Mac, too. Thanks Borys!
