QGIS Application - Feature request #862
Mouse pointer hides map canvas in 'Measure line' tool

2007-12-10 09:47 AM - cdavila -

Status:	Closed			
Priority:	Low			
Assignee:	Magnus Homann			
Category:	GUI			
Pull Request or Patch supplied:			**Resolution:**	fixed
Easy fix?:	No		**Copied to github as #:**	10921

Description

When you click on the 'Measure line' tool, mouse pointer becomes a cross which I find too wide, as it hides map canvas under it and you can't see properly the place to click to start measuring. It would be easier if the cross is thiner or transparent inside.
