QGIS Plugin Site - Bug report #8645
Only four stars are shown on the plugin list page

2013-09-22 12:59 PM - Anita Graser

Status:	Open
Priority:	Normal
Assignee:	
Category:	
Pull Request or Patch supplied:	No

Description

Plugins can be rated with up to five stars and on the individual plugin page, up to five stars are displayed. In the plugin list on the other hand, only a maximum of four stars is visible.

History

#1 - 2013-09-22 01:03 PM - Alessandro Pasotti

It is because there are no plugins with score = 5.0000... (I don't remember how many significamt digits in a float)

But you're right, the algorithm could be better.

#2 - 2013-09-22 01:42 PM - Anita Graser

Can you change it to display five stars if the score is >= 4.5?

#3 - 2013-09-23 02:37 AM - Alessandro Pasotti

Probably yes, but I don't have time to do it now, sorry.

Also, the new plugin website I've developed during the HF has lot small fixes and the same look & feel of the new QGIS main website, unfortunately we didn't have enough time to push it online.

Every bug fix will have to wait until someone will find time to upgrade the wirtualenv on the server and push the new plugin site online.

If somebody wants to fix the rating issue, please look here:
https://github.com/qgis/QGIS-Django/blob/master/qgis-app/plugins/templates/plugins/plugin_list.html#L98
and here:
https://github.com/qgis/QGIS-Django/blob/master/qgis-app/plugins/models.py#L26
