

QGIS Application - Bug report #9033

WFS "Zoom to Layer" doesn't

2013-11-08 03:56 AM - Jonathan Moules

Status: Closed	
Priority: Normal	
Assignee:	
Category: Web Services clients/WFS	
Affected QGIS version: 2.0.1	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed/implemented
Crashes QGIS or corrupts data:	Copied to github as #: 17688

Description

Couple issues with zooming to a WFS layer:

a) If I have a new project and add a WFS layer, it doesn't automatically zoom to the extent of the WFS layer. The GetCapabilities does have the BBOX for the layer, so QGIS should be able to do this without any further queries.

b) right clicking "zoom to layer" and the "Zoom to layer" icon don't do anything.

History

#1 - 2014-06-21 04:19 AM - Jürgen Fischer

- Category set to Web Services clients/WFS

#2 - 2014-06-21 07:45 AM - Giovanni Manghi

- Resolution set to fixed/implemented

- Status changed from Open to Closed

it works as expected on qgis master.
