

QGIS Application - Bug report #904

No decorations

2008-01-14 02:34 PM - Magnus Homann

Status: Closed	
Priority: Low	
Assignee: Marco Hugentobler	
Category: C++ Plugins	
Affected QGIS version:	Regression?: No
Operating System: Linux	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed
Crashes QGIS or corrupts data:	Copied to github as #: 10963
Description	
I can't get decorations (scalebar, north arrow, copyright) to show in r7965, but in r7761.	

History

#1 - 2008-01-16 05:33 AM - Magnus Homann

I've tried with revision `7761` and `7965`, both on winxp and ubuntu gutsy. On win I have qt 4.3.3, and on linux I have qt 4.3.2.

On `7761`, everything works.

On `7965`, **un-checking** the setting Settings->options->render->'Fix problem with polygon' breaks rendering of north-arrow, scalebar and copyright. If it is **checked**, the decorations appear.

I think it is that the painter sent to the decorations is not always active.

#2 - 2008-01-17 01:16 AM - Marco Hugentobler

- Resolution set to fixed

- Status changed from Open to Closed

Thanks for reporting this. It is fixed now in commit:7c346d91 (SVN r7992)
