QGIS Application - Bug report #9044
Print composer: Resizing items interactively fails

2013-11-11 06:36 AM - Andreas Neumann

Status:	Closed		
Priority:	Severe/Regression		
Assignee:			
Category:	Map Composer/Printing		
Affected QGIS version:	2.0.1	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	17698

Description

In current master one cannot resize item (e.g. text labels) interactively.

At first it seems to work if you mouse-down and drag - but after the mouse-up the frame jumps back to the original size.

Tested on Windows (OSGeo4W/qgis-dev) and Linux Ubuntu.

History

#1 - 2013-11-11 06:48 AM - Giovanni Manghi

- Priority changed from High to Severe/Regression

#2 - 2013-11-12 03:05 AM - Andreas Neumann

- Status changed from Open to Closed

Only happens with locked items which I think is ok. Will close this bug.
