- Easy fix? set to No

##### #7 - 2017-06-29 09:05 AM - Nyal Dawson

- Status changed from Open to Feedback

Victor - are you sure we want to do this? My 2c is that we'd want to avoid this, to prevent any forced dependency on processing algs on iface. Otherwise we're going to run into issues when trying to run algorithms via standalone scripts or on server. Not having access to iface is a good way to prevent this dependency.

##### #8 - 2018-11-04 11:36 PM - Nyal Dawson

- Resolution set to wontfix

- Status changed from Feedback to Closed
