Pull Request or Patch supplied:	No	**Resolution:**	fixed/implemented	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	17790	

Description

A few weeks ago this issue (very slow creation of the SL databases) have been fixed in QGIS master, but apparently the fix has not been applied to the off-line editing plugin, that takes ages to create the offline SL database. It is a regression since 1.8.

History
