QGIS Application - Feature request #9180
Shortest Path (Road Graph) plugin cannot handle 2.5D shape files

2013-12-09 06:00 AM - Richard Duivenvoorde

Pull Request or Patch supplied:	No		**Resolution:**	fixed/implemented
Easy fix?:	No		**Copied to github as #:**	17809

Description

Before (see #9174) QGIS crashed when the Road Graph plugin was used on 2.5D shape files.

The crash is fixed, and 2.5D files are not shown anymore as valid possible input files.

Better would be if these COULD be used as input, as for example the swedish road network shapefiles are 2.5D shps.

For more info see #9174. Shapefile example attached
