QGIS Application - Bug report #9183
Wrong Icon when sorting a column in Attribute table

2013-12-09 11:17 AM - Jerome Alary

Status:	Closed			
Priority:	Low			
Assignee:				
Category:				
Affected QGIS version:	2.0.1		**Regression?:**	No
Operating System:	Windows		**Easy fix?:**	No
Pull Request or Patch supplied:	No		**Resolution:**	
Crashes QGIS or corrupts data:	No		**Copied to github as #:**	17812

Description

Sorting a columnshow a wrong side sorting indication

Sorting a field alphabetically (from null to z) should display "^" instead of "v".

See screenshot as an example.

History

#1 - 2013-12-09 01:45 PM - Nathan Woodrow

This is Qt theme related to match the OS the theme is meant for. I use the Windows Vista theme and the sort order is correct:

You can change your window theme in Settings -> Options -> General

#2 - 2013-12-09 03:11 PM - Jerome Alary

- *Status changed from Open to Closed*

Using Settings -> Options -> General and changing the Style from "Cleanlook" to any other Style did resolve my issue.

Thanks for the tip
