- Status changed from Open to Closed

This is a feature not a bug. You are able yo open two browsers mainly to allow drag and drop between locations.

#2 - 2014-10-24 02:42 AM - Sandro Santilli

Could the feature be retained by adding a button to "open new browser window" in the browser gui ?

#3 - 2014-10-24 06:34 AM - Giovanni Manghi

why this bothers so much? :)
