

QGIS Application - Bug report #9264

Error writing output shapefile while building Voronoi polygons

2013-12-29 12:40 AM - dr -

<b>Status:</b>	Closed	
<b>Priority:</b>	Normal	
<b>Assignee:</b>		
<b>Category:</b>	Processing/QGIS	
<b>Affected QGIS version:</b>	master	<b>Regression?:</b>
<b>Operating System:</b>		<b>Easy fix?:</b>
<b>Pull Request or Patch supplied:</b>		<b>Resolution:</b> worksforme
<b>Crashes QGIS or corrupts data:</b>		<b>Copied to github as #:</b> 17878
<b>Description</b>		
Test case:		
1. Open polygonal layer;		
2. Open point layer with the same name as polygonal (from other directory);		
3. Try to build Voronoi polygons: Vector - Geometry Tools - Voronoi Polygons;		
4. In some cases (not always) we have error "Error writing output shapefile."		
Test data in attachment.		

History

#1 - 2013-12-29 12:41 AM - dr -

- File qgis\_testdata.zip added

#2 - 2013-12-29 12:45 AM - Maxim Dubinin

confirmed

#3 - 2013-12-29 01:07 AM - Giovanni Manghi

- Target version set to Future Release - High Priority

Confirmed also here, but works fine under processing.

#4 - 2013-12-29 01:30 AM - Salvatore Larosa

Not reproducible here with latest master under Linux.

#5 - 2016-03-25 03:27 AM - Giovanni Manghi

- Status changed from Open to Closed

- Resolution set to worksforme

In master we have now only the Processing tools, and in this case it seems it works always as expected.

The "ftools" category is being removed from the tracker, changing the category of this ticket to "Processing/QGIS" to not leave the category orphaned.
