For what I have understand here

[#bc73b4ea72517b2847525e376f8462ca8031f049#commitcomment-4623021](#)

this functionality still needs to be supported/polished and actually at the moment the GUI is just to delete entries.

I would suggest to close this ticket, or make it a feature request and eventually adding a comment in the commit thread.
