

QGIS Application - Bug report #928

Plugin Manager: let select/de-select plugins also by clicking within the checkbox

2008-01-30 06:28 AM - Maciej Sieczka -

Status: Closed	
Priority: Low	
Assignee: nobody -	
Category: C++ Plugins	
Affected QGIS version:	Regression?: No
Operating System: Debian	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed
Crashes QGIS or corrupts data:	Copied to github as #: 10987
Description	
Currently one has to click on the plugin name in the list to check/un-check it. I did not expect that - intuitively I kept clicking the checkbox, which did not work. Why not?
