<b>Description</b>		
<p>Good morning to everyone,</p> <p>I am facing a little problem with html frame in the map composer.</p> <p>It is very helpful and powerful to use html frame to show styled text on a map.</p> <p>I create my text with LibreOffice, save it as an html file and integrate it in my map composer.</p> <p>Everything is ok while I don't save the project and quit QGIS.</p> <p>The problem occurs when I want to open my project later.</p> <p>The url to the web page or to the file used to fill the html frame is the good one but the frame stay empty and the only way to get the text shown is to delete the frame and create a new one.</p> <p>Thanks a lot for your help,</p> <p>Mathieu</p>		

#### Associated revisions

**Revision 9ba28b38 - 2014-02-01 11:18 AM - Nyal Dawson**

[composer] Ensure url is correctly loaded for html items on project load (fix #9374)

- Status changed from Open to Feedback

Can you test QGIS master and report back? Thanks!

**#2 - 2014-01-21 12:44 AM - Mathieu Bossaert**

Good morning Giovanni,

I still have the problem with last nightly version from osgeo4w (00c8196)

**#3 - 2014-01-21 02:48 AM - Nyal Dawson**

Can you please share a project which is showing this behaviour?

**#4 - 2014-01-21 03:45 AM - Mathieu Bossaert**

- File *html\_file\_in\_composer.zip* added

Good morning,

in attached you'll find a zip with the project, a shp layer and the html file used in the map composer

Thanks a lot.

**#5 - 2014-02-01 02:18 AM - Nyal Dawson**

- Status changed from *Feedback* to *Closed*

Fixed in changeset commit:"9ba28b386ffe182044a991ef5f24054dbb1c4c22".
